“(e) Except as provided in the subsections below, the Department may not transfer an interest, and may prohibit the erection of any permanent structure, in public lands located within 150 feet of the high water mark of a sandy beach:

(1) except that the Department may authorize the construction of facilities for public purposes;

(2) the Department may grant encroachment permits, provided the use does not interfere with the public’s access to the public lands;

(3) Encroachment permits may be issued to persons who have a legal interest in adjoining property, and who are currently maintaining an encroaching structure, improvement, or other item, in exchange for a fee. The encroachment must have been in place prior to the effective date of this legislation Act.
